

## *Introduction to High Fidelity Simulation in Healthcare Seminar*

---

***The purpose of this course is to introduce the registered nurse or other healthcare provider educator to the basic principles of simulation training utilizing high fidelity mannequins. This one day seminar will provide a "snapshot" into all aspects of high fidelity simulation, including history, simulation resources, scenario writing, technical considerations, creating reality, and debriefing.***

### **Objectives:**

1. Discuss the history of high fidelity simulation in healthcare.
2. Discuss the resources available for simulation faculty.
3. Define adult learning theory within the context of healthcare simulation.
4. List key elements in writing a simulation scenario.
5. Discuss strategies to improve realism within a simulation scenario.
6. Identify key features of human patient simulators.
7. Demonstrate key elements necessary to facilitate a simulation scenario, including debriefing skills.

### **Location**

**The WELLS Center at 1999 N. Fitzsimons Parkway, Aurora, CO 80045**

### **Time and Dates**

**All dates are offered 8:00 a.m. – 4:00 p.m.**

**April 2, 2010, May 7, 2010, June 4, 2010,  
July 9, 2010, August 13, 2010, September 10, 2010, October 8, 2010  
November 5, 2010, December 3, 2010**

### **Fees and Registration**

**\$195.00 per person. Registration is required to attend seminar. For more information or to have a registration form sent to you please contact the WELLS Center at [wells\\_admin@ColoradoSimulationCenter.org](mailto:wells_admin@ColoradoSimulationCenter.org) or call 303-326-0674 x. 10.**

This program has been provided for 5.5 continuing nursing education by Denver Health, an approved provider of continuing education by the Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
